

# COILMAC-EPI+

## ELECTRIC COIL PUNCH & INSERTER

The CoilMac-EPI Plus is a new version of the classic CoilMac EPI Electric Spiral Coil Binding Machine. The new CoilMac EPI Plus offers .248 pitch OVAL punching holes to help make coil binding fast, easy and convenient. With its electric punch and electric coil inserter, it is ideal for print shops as well as professionals.

### FEATURES:

- **Oval holes** - Hole pattern is 100% compatible with STANDARD 4:1 pitch coils.
- **4:1 pitch (0.248")** - This revolutionary 0.248" coil pitch is specifically designed to give you 44 evenly centered holes in an 11" sheet, which provides the most ideal hole to edge-of-sheet margins and easier coil insertion.
- **FULLY Disengagable Pins** for clean and professional punching with different paper sizes.
- **Reverse (anti-jam) function** - **Foot pedal operated** - **Coil crimpers** included
- **Diameter guide** included to ensure correct diameter selection.
- **Binds coil ranging from 6mm to 22mm in diameter.**
- **Side margin control**
- **Punching margin** control provides the correct punch margin depth for each coil size.
- **U-Shaped alignment channel** aides in conforming the spine of larger diameter documents to the coil's shape.
- **Open punching throat & continuous punching guide** for an easy alignment and punching of longer documents.
- **Hand-held, color-coded guide** indicates the correct punching depth setting for each coil size.
- **Heavy-duty punch motor** punches up to 25 sheets of paper (20 lb.)
