

COMBMAC-24E

Heavy-Duty Electric Punch and Manual Comb Binder

The CombMac-24E makes comb binding fast and easy. This efficient 14" machine produces a professionally finished product. Its reliable and practical design make it the perfect fit for any office.

Features:

High Volume Punching Capacity

- Punch up to 25 sheets of 20 # paper per lift with this foot pedal operated electric punch.

Open Punching Throat

- Punch up to a 14" binding edge in a single pass with an open edge design for punching of longer documents.

Die Disengagement Pins

- Adjust pins easily to punch virtually any binding edge.

Side Margin Control

- Evenly center your punching pattern, regardless of the binding edge.

Waste Compartment

- Large Capacity chip drawer located on the front of machine.

Punch Margin Control

- Control the depth of the punching pattern by increasing the depth setting as the diameter of the document increases, maximizing the document's tear resistance.

Binding Guide

- Ever have loose combs out of their box and unsure of their size/diameter? Line up your comb on the binding guide to identify its diameter.

Comb Opener Handle

- Designed for installation on either the left or right side of the machine to accommodate left or right handed operators.
