

CRIMP@COIL

Speed up your coil binding process with this time saver! The Crimp@Coil is an easy to use electric coil crimper that cuts & crimps both sides of the coil at the same time, preventing it from rolling back out of the holes of your document.

Unlike any other machine on the market today, the Crimp@Coil's unique design accommodates all coil sizes from 6mm - 50mm, without the hassle of any interchanging parts. Its an easy 5-Step setup that only takes the operator seconds to change coil or sheet size settings.

Our Crimp@Coil is the ideal choice for high-volume binding facilities, as well as anyone who wants to avoid using manual crimping pliers during the coil binding process. Save time and money by ordering your Crimp@Coil today!

Product Details

Electric Double-Sided Coil Crimpers with adjustable knives: Avoid manual coil crimping process and improve productivity.

Works on Full Range of Coil Sizes: Quickly and easily crimp all coil sizes (from 6mm to 50mm).
