

# OfficePro-46E

The Tamerica OfficePro-46E Plastic Coil Binding Machine offers electric punching and binding. With the easy to use electric punching and convenient disengageable punching dies, the OfficePro-46E makes putting together documents fast and easy.

Increase productivity and lower punching fatigue with a 20 sheet electric punching capacity. The unit allows you to electrically insert coil bindings up to 25 mm, approximately 7/8" or 210 sheets of 20 lb bond. The OfficePro-46E has a relatively compact footprint, perfect for fitting into the tight spaces of any office environment.
