

WIREMAC 2:1

WIRE PUNCH AND BINDING EQUIPMENT

WireMac renders efficiency and productivity. Its full range of functions and state of the art mechanisms were specifically designed with one goal in mind: to fully meet the needs of the wire binding industry!

FEATURES:

- Heavy-duty design
- 20 sheets single punch capacity (20 lb. paper)
- 14" width punching capacity with open sides for even wider documents
- All die pins can be independently disengaged to allow the punching of any size document while preventing partial side-end perforation
- Closing capacity from 5/8" to 1-1/4"
- Wire closer control adjusts the wire closer to close wires from 5/8" to 1-1/4"
- Master selector determines the correct wire diameter, closing position, depth margin, and wire pitch
- Wire holder holds wire in place for easier inserting of sheets
- Diameter scale measures document's thickness in order to select best wire size option
- Side margin controls provide a well-centered punch for all document sizes
- Depth margin controls provide the correct punching margin depth needed for all wire sizes and maximizes the document's tear resistance
- All metal construction

SPECIFICATIONS:

Pitch	Punching Length	Hole Punch	Disengaging Die Pins	Single Punching Capacity	Binding Thickness	Weight	Closing Mechanism
2:1	14"	Rectangular	All 27	Up to 20 sheets (20 lb. paper)	From 5/8" to 1-1/4"	45 lbs.	Vertical
